SAVE TIME & EFFORT WITH OUR NEW AF BLAKEMORE EPOS INTEGRATION

Single system

Save time and effort by placing AF Blakemore orders direct from your Fidelity EPOS system

Automated synchronising

Avoid manual data entry with automated syncing of product changes and new products

Speedy ordering

Scan the items you want to reorder and the system groups everything by ambient / chilled / frozen

Easy delivery

Pick delivery slots in your EPOS system and then use electronic delivery notes to track and check stock

Product tracking

Substituted products get automatically added to your Fidelity EPOS system

Activity prompts

Receive daily activity reports to track system automations, stock and deliveries

NUS pricing

COMING SOON
Get NUS product pricing applied automatically

Seamless processing

Conduct all your ordering, stock tracking, sales reporting and more, all in one place

Improved accuracy

Remove the risk of human error with limited manual data entry and scanning

Sign up by the end of February 2020 and get two months FREE.*
